

### The Cruise Code

This map is part of the Cruise Code. The Code is a covert communication system for lonely hearts who are tired of missed connections. It uses tube station names to signify romantic or sexual desires. Check out the index on the back of this map to explore meanings in detail.

### How to use it

We have designed wearable badges that signal to fellow travellers what you are looking for. They come in LGBTQ+ colour schemes (see bottom left). Wearing them left or right indicates your particular preference. Pick yours up, order or DIY it. Scan the QR code below for more info.

### Cruise conduct

1. Only yes means yes. When in doubt ask. Wait for enthusiastic consent.
2. No means no. No need to explain or question.
3. Take care of yourself and others. Safety first.
4. Respect yourself and others. Know your boundaries, ask after theirs.

**TRANSPORT FOR LOVE**  
EVERY JOURNEY MATTERS
